

West Coast Log Homes is a custom log home builder dedicated to delivering a home that blends top quality old-world Japanese and European wood joinery craftsmanship. We are located on BC's beautiful lower Sunshine Coast. A short distance from the Lower Mainland, the Sunshine Coast offers access to incredible land and marine based outdoor recreation, quality education and health care services and the enjoyment of life in a small, seaside community.

We are seeking responsible, motivated and career-minded log home builders highly skilled in traditional hand crafted log joinery and timber framing techniques to layout, cut and assemble heavy post and beam and timber frame structures. We offer permanent, full-time employment, an employee benefits program and opportunity for advancement. The wage range is competitive and based on experience.

Requirements include:

- Minimum three (3) years' log building and/or timber framing experience working with heavy log (post and beam) and timber framed structures; or a background in carpentry, supplemented by training in European or Japanese traditional wood joinery techniques
- Proficient at reading digital or printed blueprints
- Mathematical and analytical skills necessary to perform compound angle joinery
- Ability to draw appropriate sketches to communicate details to crew members and others
- Chainsaw experience, sawmill operation skills and ability to operate tower crane
- Ability to lift and manipulate heavy objects needed for constructing projects
- Ability to work at heights
- Ability to travel to client sites world-wide to oversee and train workers in log assembly

For more information on our company and the style of homes we build, check out our website [westcoastloghomes.com](http://westcoastloghomes.com). Please email a current resume to [margi@westcoastloghomes.com](mailto:margi@westcoastloghomes.com) or fax to 604.886.0409. We thank all who apply, however only those selected for an interview will be contacted.
